

CONCLUDING REMARKS

While it has been illustrated and described what are considered to be preferred embodiments and methods of the present invention, it is understood by those skilled in the art that various changes and modifications may be made, and equivalents may
5 be substituted for elements thereof without departing from the true scope of the invention.

Although Chinese language and the Zhu-Yin and the Pin-Yin phonetic systems have been used in the discussions, it is also understood by those skilled in the art that the techniques of the present invention can also be applied to languages other than
10 Chinese language and phonetic systems other than the Zhu-Yin and the Pin-Yin systems. It is intended that this invention not be limited to Chinese language and the Zhu-Yin and the Pin-Yin systems.

In addition, many modifications may be made to adapt a particular element, technique or implementation to the teachings of the present invention without
15 departing from the central scope of the invention. Therefore, it is intended that this invention not be limited to the particular embodiments and methods disclosed herein, but that the invention include all embodiments falling within the scope of the appended claims.
